About Us.

Nayem Accessories Ltd. a private limited company in the field of RMG Accessories having over 15 years of experience in the accessories industry is specialized in providing our clients with a tremendous service at an affordable price in garment accessories solution. Our clients benefit from a transparent service that the customer requires. Our production capacity is fully equipped with machinery with the latest technology and one bunch of self-motivated, dedicated staff who ensure the quality of the service and the commitment so that our clients can solve the accessories solution of the RMG under one roof.

To keep our world green & clean, we ensure all RSL and protect the garments from a hazardous chemical which may harm the world. For that, we try to source the best raw materials from renowned sources in the home and abroad.

Mission:

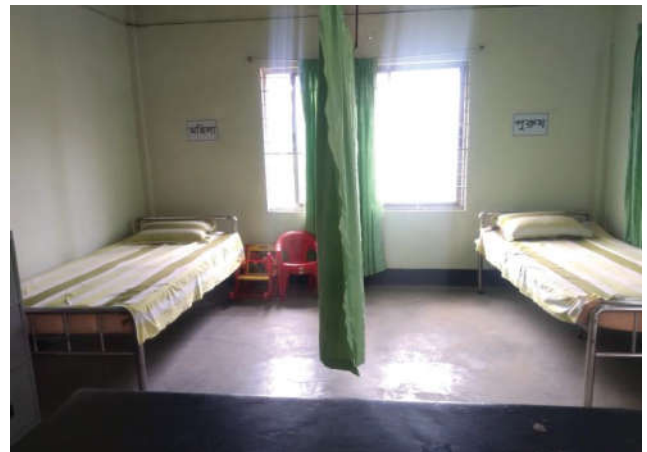

Offering the services to our clients meeting their satisfaction, creating a better working environment through highly professional expertise, knowledge, and experience. Maintaining sound business principles with the highest concern and assuring consistency in quality, service, and voluminous order.

Offset Printing Unit

We Care About Your Printing

History: It all started in 1875, when Robert Barclay of Germany patented the first rotary offset lithography printing press. Offset printing is a printing technique in which the inked image or text is moved from a plate to a rubber blanket and from there to the paper or another printing surface.
